KS DEPT OF AGRICULTURE

Subject: 2005 Harlan County Lake (HCL) Water Supply Calculation

Dear Sirs:

As identified in the Final Settlement Stipulation, the Bureau of Reclamation computed the projected irrigation supply from HCL for the 2005 irrigation season to be 4,700 acre-feet (AF) using the storage available on December 31, 2004. This would indicate "Water-Short Year Administration" would be in effect with the irrigation supply being less than 119,000 AF.

If you have any questions, please contact Marv Swanda at 308-345-4400.

Sincerely,

Acting For *Mike D. Kube*
